

# SIXTEEN

WHAT IS

## To Desire

Several numbers have a place in my heart, however, 16 holds a special one. It is melodic and dangerous. The sound of it initiates a sequence of vivacious impressions that quickly evaporates. Disequilibrium is inherent with attainment disproportionately large, yet puerile, powerful, uncomfortable, unrealistic, beautiful, and with the particularity of being unachievable. At that age, the pursuit is enough. Enough to change the soul and consequently the world.

**Sixteen Sunsets**

Acrylic / Oil on canvas 500 x 400 cm (simulation)

*Simulating a large-scale canvas from a small one is an ego trip for sure but in my defense, It is also the coveted desire of practically every painter. Something to look forward to in 2021. Happy New Year.*
